

DISC TRAINING FOR TEAMS

LEADERSHIP & PROFESSIONAL DEVELOPMENT

SINCE 2004

WHY USE ASSESSMENTS?

Different people approach life differently. Each person develops their personal style and, for the most part, sticks with it.

For individuals determined to understand their own personal style, the sky is the limit. Change happens when people are open to it.

DISC reveals opportunities for change and access to tools for navigating conflict, increasing team cohesion, and developing the whole person.

DRIVING FORCES

12 Driving Forces is an assessment that measures why a person does what they do; it defines and identifies what motivates people. It measures the motivation (and strength) behind behaviors, using 6 different motivators. Those motivators are Knowledge, Utility, Surroundings, Others, Power, and Methodologies.

WHAT IS THE DISC

The TTI Success Insights DISC Assessment measures four separate factors: Dominance, Influence, Steadiness, and Compliance.

The DISC profile creates a language around observable behavior, which in turn improves communication, engagement, and self-development.

REPORT VARIATIONS

- Manager DISC Assessment: \$65
- Manager DRIVING FORCES w/ DISC Assessment: \$155
